

Quality Control Assistant

Location: Sydney

Work Type: Perm Full Time

About us:

SpeeDx Pty Ltd is dynamic, rapidly growing company with a strong portfolio of technology at the cutting edge of molecular diagnostics. With our headquarters in Sydney, we are launching our technology into the market and have a pipeline of research and in vitro diagnostic assays. Our well-equipped offices and laboratories are centrally located at the Australian Technology Park in Eveleigh (Sydney) and are easily accessible by rail.

At SpeeDx we believe our employees are pivotal to our success and reputation, therefore we strive to offer true work/life balance with opportunity for further training and structured career development. Make no mistake, we expect a lot from our people as they do of us. So, if you can rise to the challenge, we will provide you with a dynamic and rewarding career.

About the Role:

We have an exciting opportunity for a Quality Control Assistant to join our team. This position will be responsible for quality control testing within a strictly regulated environment. The role offers a true work/life balance, at SpeeDx we believe our employees are pivotal to our success and reputation, and therefore SpeeDx strives to ensure a working environment that is supportive and professional.

Your primary responsibility will involve but not limited to:

- Assist in manufacturing IVD products compliant with ISO13485, CFR 21 Part 820 & cGMP;
- Perform quality checks during the manufacturing process;
- Conduct hands-on quality control tests and calculations to ensure that products meet standards;
- Perform quality control testing and other laboratory activities;
- Format and record test result data into Quality Control reports.
- Write analytical procedures for quality control testing;
- Plan real time stability studies;
- Perform real time stability studies testing;
- Maintain activity records and file all paperwork;
- File discrepancy reports to the lab for corrective action;
- Prepare technical reports;
- Prepare reagents and reference materials for lab testing;
- Organize reference materials as to be readily available to lab staff;
- Clean lab benches, shelves, hoods, floors, and walls as needed to maintain a clean environment;
- Operate standard molecular laboratory equipment;
- Work according to the organization's laboratory safety, health and environment standards;

- Communicate adjustments to managers and other staff when necessary;
- Perform general housekeeping duties.

To be successful in this role you will require Skills & Experience in or similar to the below:

- Qualifications BSc or equivalent
- Working knowledge of laboratory environment
- Previous experience with qPCR is highly desirable
- Solid time-management skills and ability to work under pressure
- Excellent communication skills in both written and verbal
- Great interpersonal skills and team player attitude
- Have keen and diligent work ethic with good people skills to work within this enthusiastic team

Please clearly state in your application if you have previous experience with qPCR and indicate if you have full rights to work in Australia.

If you believe you fulfill the criteria, please email your CV and accompanying cover letter and include in the subject the job title: Quality Control Assistant to: hr@speedx.com.au
