

## Formulation Technician (Production)

**Location:** Sydney

**Work Type:** 12 months full-time contract

### About us:

SpeedX is a dynamic, and rapidly growing company with a strong portfolio of technology at the cutting edge of molecular diagnostics. Our growing team in offices and laboratories in Sydney, London, and Austin, work together in an innovative, challenging, and collaborative environment, towards our critical mission of developing clinically relevant tools to positively impact healthcare networks around the world.

At SpeedX, we are passionate about improving patient outcomes; specializing in molecular diagnostic solutions that go beyond simple detection to offer comprehensive information for improved patient management. Our technology supports clinical diagnostic products for infectious diseases with a range of products in the market and a pipeline of research and *In Vitro* Diagnostic (IVD) assays since 2009.

SpeedX believes our employees are pivotal to our success and reputation, therefore we strive to offer true work/life balance with opportunity structured career development. We are committed to recruiting, developing, and retaining the best and diverse talent.

If you would like to work for a growing company that was awarded 2021 Australian Company of the Year at the AusBiotech and Johnson & Johnson Innovation Industry Excellence Awards, please apply now.
